

MDZLE-32 (DPN) Residual Current >>>> Circuit Breaker with operation protection

1.Specification

MDZLE-32RCBO, function as combination of circuit breaker and residual current device, which protect human from the fault of electric because of over-current, short circuit, earth fault current. MDZLE-32 is self-protecting up to a maximum short-circuit current 32A. All breaking capacities comply with Standard IEC/EN 61009.

2.Technical Data

1. Residual current device with over-current protection
2. Combine in residual current device function and MCB over-current protection function
3. Short circuit capacity: 4.5KA
4. Rated current(A): 6, 16, 20, 25, 32A
5. Rated leakage operating current(mA): 30, 100, 300mA
6. AC and A types, B-C characteristic
7. Modular Din Rail products 35mm.

3.Dimension & Mounting
